No. 94-17

A. OPERATION AND MAINTENANCE MANUALS FOR BODENSEE EMISSIONS MODELS

Models

MCM 4.3LX Alpha
MCM 5.7L Alpha
MIE 5.7L Competition Ski
MIE 5.7L Bluewater Inboard

Change

The Bodensee Emissions Kits for 4.3LX (806179A95) and 5.7L (806594A95) engines will no longer contain the special Operation and Maintenance Manuals. It will be necessary to order the appropriate manual once you determine which engine the kit will be used on. This was done to avoid placing multiple manuals in these kits. Refer to the following chart to determine the correct part number for the language desired.

MODEL	ENGLISH	GERMAN
4.3LX Alpha One	90-806200950	90-806200E50
5.7L Alpha One	90-806596950	90-806596E50
5.7L Competition Ski	90-806731950	90-806731E50
5.7L Bluewater Inboard	90-807089950	90-807089E50

Ordering

This manual should replace the one that was shipped with the power package from MerCruiser. It can be ordered at NO CHARGE from one of the following locations.

Use the following address as appropriate:

In the United States

Mercury Marine
Attn: Publications Department
W6250 West Pioneer Road
P.O. Box 1939
Fond du Lac, WI 54936-1939

In Europe

Marine Power Europe, Inc.
Parc Industriel de Petit-Rechain
B-4800 Verviers
Belgium
