CMD OEM and Field Service CD Release

Models Covered	Serial Number or Year
CMD Diesel product	All

Parts Announcement

Cummins MerCruiser Diesel has released two new CDs for OEM and Field Service for purchase on MercNET.

The OEM CD contains installation drawings, installation manuals, and diesel service bulletins for all CMD product, including non-current engine models.

The service CD contains all owners, installation and service manuals, all diesel service bulletins and the diesel flat rate manual for CMD product, including non-current engine models.

Part Numbers

Description	Part Number
OEM CD	90-866911
Service CD	90-866910

Cummins Factory and Distributor Service group using a Cummins Powersweep computer DO NOT have Administration rights to their PC to load the Service CD. They will be required to install a `Hexalock' patch software through their IT group. To install the software, order the 'Hexalock' software from the Cummins software shelf. Once this 'Hexalock' is loaded on your Powersweep computer, the Service CD will run normally. Users with non-Powersweep computers will be able to run the CD normally if they have Administration rights to their PC. The OEM CD will load on all computers normally after the Hexalock is loaded.
