Wireless Controller And Controller Cover Assembly No Longer Available

Models Affected

All freshwater and saltwater wireless models.

Description

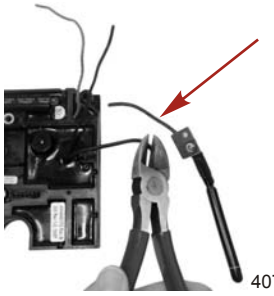

Wireless controller M899694T is no longer available. Additionally, freshwater wireless cover assembly M889266T and saltwater wireless cover assembly M899863T will no longer be available after current stock is gone.

Correction Instructions

WIRELESS CONTROLLER

If the wireless controller requires replacement, use the existing cover assembly with the modifications described below.

1. Remove the wireless controller cover assembly and the defective controller.
2. Cut the antenna wire attached to the defective controller. Do not remove the antenna from the cover assembly. The antenna prevents water intrusion through the antenna hole.

40778

3. Install a new controller and connect the battery meter. For assembly instructions, refer to the **Wireless Service Manual**.
4. Push down on the flexible antenna with one finger and slide the controller cover over the controller. Ensure the controller cover is secure.

WIRELESS CONTROLLER AND COVER ASSEMBLY

Replace the wireless cover assembly if needed. If the controller cover assembly is no longer available, replace the wireless controller and controller cover assembly.
