Gauge Package, Instrument Harness and Extension Harness Part Numbers For MerCruiser Diesels

Models

D 3.6L, D 4.2L and D-Tronics D2.8L, D4.2L and D7.3L MerCruiser Diesels

Situation

For the 1998 Model Year, the gauges, instrument harness and engine extension harness will be removed from the engine package. These components are available through Quicksilver and can be ordered by the part numbers listed below.

Primary Station Instrumentation For D3.0L, D3.6L and D4.2L - 1994 Model Year and Newer.

These kits include: Panel for Primary Station, key switch, start switch, toggle switch, rain cap, tachometer(5K), oil pressure gauge, engine coolant temperature gauge, battery gauge and cruise log(hour meter).

Kit Part Numbers:

850764A1	QSI Instrumentation
850764A2	Flagship Instrumentation
850764A3	Admiral Instrumentation

Primary Station Instrumentation For D-Tronic D2.8L and D4.2L - 1997 Model Year and Newer.

These kits include: Panel for Primary Station, key switch, toggle switch, tachometer (6K), oil pressure gauge, engine coolant temperature gauge, battery gauge and cruise log (hour meter).

Kit Part Numbers:

850765A1	QSI Instrumentation
850765A2	Flagship Instrumentation
850765A3	Admiral Instrumentation

Primary Station Instrumentation For D-Tronic D7.3L - 1997 Model Year and Newer.

These kits include: Panel for Primary Station, key switch, toggle switch, tachometer (5K),oil pressure gauge, engine coolant temperature gauge, battery gauge and cruise log (hour meter).

Kit Part Numbers:

850766A1	QSI Instrumentation
850766A2	Flagship Instrumentation
850766A3	Admiral Instrumentation

Second Station Start/Stop For D3.0L, D3.6L and D4.2L - 1994 and Newer.

These kits include: Panel - Second Station, start switch, toggle switch and tachometer (5K).

Kit Part Numbers:

850767A1	QSI Instrumentation
850767A2	Flagship Instrumentation
850767A3	Admiral Instrumentation

provided by http://www.crowleymarine.com

Second Station Start/Stop For D-Tronic D2.8L and D4.2L - 1997 Model Year and Newer:

These kits include: Panel - Second Station, start switch, toggle switch and tachometer (6K).

Kit Part Numbers:

850768A1	QSI Instrumentation
850768A2	Flagship Instrumentation
850768A3	Admiral Instrumentation

Second Station Start/Stop For D-Tronic D7.3L - 1997 Model Year and Newer:

These kits include: Panel - Second Station, start switch, toggle switch, tachometer (5K).

Kit Part Numbers:

850769A1	QSI Instrumentation
850769A2	Flagship Instrumentation
850769A3	Admiral Instrumentation

Second Station Gauge Kit For D3.0L, D3.6L and D4.2L - 1994 and Newer:

These kits include: Oil pressure gauge, engine coolant temperature gauge, battery gauge and dual station senders for both oil pressure and engine coolant.

Kit Part Numbers:

807003A1	QSI Instrumentation
807003A2	Flagship Instrumentation
807003A3	Admiral Instrumentation

Second Station Gauge Kit For D-Tronic D2.8L and D4.2L - 1997 Model Year and Newer:

These kits include: Oil pressure gauge, engine coolant temperature gauge, battery gauge and dual station senders for both oil pressure and engine coolant temperature.

Kit Part Numbers:

850770A1	QSI Instrumentation
850770A2	Flagship Instrumentation
850770A3	Admiral Instrumentation

Second Station Gauge Kit For D-Tronic D7.3L - 1997 Model Year and Newer:

These kits include: Oil pressure gauge, engine coolant temperature gauge, battery gauge and dual station senders for both oil pressure and engine coolant temperature.

Kit Part Numbers:

850771A1	QSI Instrumentation
850771A2	Flagship Instrumentation
850771A3	Admiral Instrumentation

Second Station Trim Kit For All MerCruiser Diesels 1994 Model Year and Newer:

These kits include: Trim gauge and rotor assembly.

Kit Part Numbers:

850772A1	QSI Instrumentation
850772A2	Flagship Instrumentation
850772A3	Admiral Instrumentation

Harnesses For D3.0L, D3.6L and D4.2L

84-806391A1	Instrument Harness
84-812441A10	10 Foot Extension Harness (9 pin connector)
84-812441A20	20 Foot Extension Harness (9 pin connector)
84-17829A10	10 Foot Extension Harness (8 pin connector)
84-17829A20	20 Foot Extension Harness (8 pin connector)

provided by http://www.crowleymarine.com

IMPORTANT: The engines listed above require both an 8 and 9 pin extension harness, order length required.

84-93347A1	“Y” Harness
84-91942A3	“T” Harness

IMPORTANT: Both the Y and T harness are required for secondary station.

Harnesses For D-Tronic D2.8L and D4.2L

84-855389	Instrument harness
84-850781	4 Meter Extension Harness
84-855390	7 Meter Extension Harness
84-850782	“Y” Harness

Harnesses for D-Tronic D7.3L

84-853230	Instrument Harness
84-853127	12 Foot Extension Harness
84-853202	20 Foot Extension Harness
84-850783	“Y” Harness
